

## Jumbo Night Safari Adventure /TTH003

It proves a fantastic experience for those who want to make their traveling in the tropics different. As such, **"Night Safari Adventure"** introduces you to the first ever experience in your lifetime - bathing and playing with tame and domesticated elephants on the River Kwai, the major river system of western Thailand. As the first introduction to each other between you and Thailand's most highly adored animals, you will definitely welcome a chance to give elephants a good scrub under a close supervision of their mahouts and help from local guides. In so doing, you will get closer to elephants and more familiar with them before having them as your company throughout the course of Night Safari in the forest nearby. For many, this trip becomes a vivid memory.
